

LETTER OF INTENT

Pt. B.D. Sharma University of Health Sciences is a state government funded premier Health University of Haryana. The University has five constituent colleges: Post Graduate Institute of Medical Sciences, Post Graduate Institute of Dental Sciences, Nursing College, Physiotherapy College and Pharmacy College. There are 10 Medical Colleges, 07 Dental Colleges, 44 Nursing Colleges, 07 Physiotherapy Colleges, 46 Pharmacy Colleges of Haryana state affiliated to the University.

In order to fully harvest the benefits of IT and make governance easier, efficient and transparent, we wish to implement a state of the art digital university management system. We intend to have the following modules, the modules are inclusive but not limited to the following:

1. University and incorporated colleges Administration
2. Affiliation Management
3. Admissions Management
4. Academic Management
5. Grievance management
6. Examination management
7. Management of the Learning resources

The modules should be robust and comprehensive and should cater to all the administrative and educational needs of the university and its constituent colleges. There should be a system to manage the human resources as well as the students. We wish to have a cloud based system along with a mobile app for relevant purposes. The system should be implemented on a turnkey basis by the vendor and also provide necessary training to the staff.

Proposals are invited from the IT companies. The proposals should

- List the modules offered and all the services provided under each module.
- List the resources required for implementation.
- Other features.

The proposals should be submitted via email to daa@uhsr.ac.in within two weeks time from the date of advertisement.
